DONATIONS

The most pressing need of the Hospital is for Contributions towards the Up-Keep.

Please send a gift towards the Maintenance Fund.

WITHOUT ANY EXTRA EXPENSE WHATEVER TO THEMSELVES Subscribers can materially increase the amount of their subscriptions by completing a form of Agreement* to contribute for seven years or during life, whichever shall be the shorter period.

Such an Agreement enables the Hospital to recover from the Inland Revenue authorities the amount of Income Tax paid thereon.

It also enables Subscribers liable to Super Tax to deduct the gross amount of their subscriptions from the income assessable for for such tax.

* The necessary form of agreement will be supplied on application

Royal Northern Group of Hospitals

ANNUAL REPORT

FOR THE

YEAR ENDING 31st DECEMBER, 1939

The Board of Management have pleasure in presenting the 84th Annual Report.

The twelve months under review has been a period of considerable anxiety to all concerned with the Hospital and its Branches because of the financial difficulties arising as a result of the international crisis in the first eight months of the year and War conditions during the last four months, while the necessity for ensuring that the Hospital was completely ready to take its place in the Emergency Hospital Service for dealing with Casualties temporarily restricted normal services. These circumstances make comparisons of work and expenditure with previous years difficult, and of less value than usual.

ROYAL INTEREST

The Board record with deep gratification that the Hospital has continued to receive marks of Royal favour. H.M. the King, H.M. Queen Mary and T.R.H. the Duke and Duchess of Gloucester have each generously sent financial aid or gifts in kind which have been gratefully appreciated. T.R.H. the Duke and Duchess of Kent graciously attended the Derby Ball and H.H. Princess Helena Victoria made her annual distribution of Badges to members of the League of Roses as well as attending a Musical Party at Lady Luke's house in aid of the Funds of the Hospital.

EMERGENCY HOSPITAL SERVICE

The Government Emergency Hospital Service came into operation at the end of August when, at the request of the Ministry of Health, the Board reserved for Casualties :—

150 Beds at the Royal Northern Hospital

50 Beds at the Royal Chest Hospital

10 Beds at Grovelands Hospital.

35 Beds at the Reckitt Convalescent Home, Clacton.

This was made possible by the evacuation of Patients, then in Hospital, to the outer areas of London.

Working in co-operation with the Ministry and County Councils preparations were made on a suitable scale for dealing with major casualties, and local Authorities were afforded facilities within the premises, both at the main Hospital and at its Branches, for First-Aid Posts and the various Units of personnel and equipment necessary for the conveyance and treatment of injured.

In order to assist the Ministry of Health with the enlarged Hospital Organisation on the outskirts of London and in the Provinces Medical, Nursing, Radiographic, Administrative and other staffs, as well as Hospital equipment, were transferred to Wellhouse Hospital, Barnet, and other Institutions for Casualty duties, whilst the Maternity Staff were transferred to Northampton and Oxford to provide the necessary Midwifery Services for evacuated expectant mothers.

The Government are making a grant to the Hospital in respect of the Beds reserved which, it is expected, will be subject to revision when detailed accounts are submitted to the Ministry of Health. It is understood and hoped that the Government will accept responsibility for all additional expenditure incurred by Hospitals on account of the Emergency Service which has been provided, but it appears unlikely that the grant forthcoming will be more than a seventh part of the total expenditure.

Under the Emergency Scheme responsibility for general management and administration continues to rest with the Governing Body of the Hospital.

PATIENTS TREATED

The following figures show the number of Patients treated at all Sections of the Group, the decrease being, of course, due to the War Emergency arrangements and the evacuation of women and children from London :—

			1938	1939
In-Patients	8,034	6,744
New Out-Patients	71,919	67,842
Out-Patient Attendances	394,705	359,684

SPECIAL CLINICS

The number of cases treated in the Special Departments were :—

	New Cases	Attendances
X-Ray Department	15,740	19,597
Light Department	237	6,775
Massage Department	808	12,295
Physio-Therapeutic Department	1,745	25,747
Radio-Therapeutic Department	481	4,627
Tuberculosis Dispensary ...	788	3,930
Venereal Diseases Department...	1,018	47,449
Skin Department	1,627	6,803
Aural and Laryngeal Department	1,566	5,208
Ophthalmic Department ...	955	3,223
Dental Department	1,970	4,428
Orthopaedic Department ...	872	2,754
Fracture Clinic (8 months only)	872	5,575

ST. DAVID'S WING FOR PRIVATE PATIENTS

During the year 1,018 Patients were admitted. In June seven rooms were opened for Private Maternity Patients, this small section being a temporary provision until it is found possible to provide the larger Unit for which the late Sir Howell Williams so generously gave the necessary donation to cover the cost of building.

FUNCTIONS

The following functions were held, and the warmest thanks are due to those who took an active part in ensuring their success :—

The 14th Derby Ball was held on May 22nd under the joint Chairmanship of Lady Milbanke and the Hon. Mrs. Peter Pleydell-Bouverie and realised £1,553.

The Lady Luke organised “ An Hour of Music ” at her house on April 27th in aid of the Ladies' Samaritan Fund.

A Bridge Tournament was arranged by Mrs. Symes-Thompson on March 28th and 29th for the benefit of the Royal Chest Hospital Ladies' Samaritan Society.

Messrs. Spink & Son gave an Exhibition of an Imperial Chinese Scroll in aid of the Maternity Ward.

FINANCE

The list of subscriptions and donations shows that the Board have received a number of gifts, both large and small, and their grateful thanks are expressed to all supporters, including the following :—

King Edward's Hospital Fund for London	
(Including £1,500 towards the new	
Boiler House)	£9,240

Trustees of Bernhard Baron, deceased (Charities Fund)	2,000
Bernhard Baron Charitable Trust	400
Trustees of the Richard Cloudesley Charity ...	1,450
Hospital Sunday Fund	1,200
Beechams Pills, Ltd.	1,000
The Trustees Smith's Charity (Kensington Estate)	500
Anon. (Temple)	525

Contributory Organisations continue to assist by making grants in part payment towards the cost of maintaining their members whilst in Hospital, and the following payments are gratefully acknowledged :

	£	s.	d.
Hospital Saving Association	10,475	12	3
Hospital Saturday Fund	911	16	6

Maintenance Income unfortunately decreased by £16,330 during the year as compared with 1938. This was due to the fact that the King's Fund distributed only 75 per cent. of their normal grants to Hospitals and that, because of War conditions as well as the reservation of Beds for Casualties, the receipts from Private Patients and for Services Rendered were £11,452 less. The revised rules of the Central Midwives' Board and the difficulty of securing Pupil Midwives under normal conditions (in the past they have paid fees for their training) has reduced the amount receivable under that heading by £1,887. On the other hand there were gains in some items of income totalling £10,806 which included £8,481 from the Ministry of Health and £2,061 additional legacies. The net loss of income was therefore £5,524 which would have been considerably greater had not special efforts been made to endeavour to qualify for a special grant from King Edward's Hospital Fund of £5,000 which was payable conditionally upon a similar extra sum being raised by the Hospital. It is unfortunate that War has prevented this object being achieved, but it is hoped that it may be secured during the coming year. The total Income for Maintenance was £115,330.

Maintenance Expenditure was also reduced partly on account of Casualty Beds being vacant but mainly because of the economies which the Board planned to achieve at the beginning of the year in order to reduce the adverse balance. The reduction would have been greater but for the fact that it was offset to a considerable extent by the increased cost of commodities. The total Expenditure amounted to £138,569.

It will be seen therefore that the shortage of income for the year was £23,238.

The statistical tables showing the average cost of treating Patients in various Sections of the Hospital are published with this Report.

The differences between the Income and Expenditure in the various Branches of the Hospital referred to later in the Report are

met by an apportionment of the requisite sums from the General Funds of the Group of Hospitals.

The Endowment Fund now stands at £123,069. The Building & Equipment Fund has been increased by £6,967 and the Expenditure on Building and Equipment during the year has been £7,236 of which £3,195 represented payments (on account) for the new Boiler House. The total Funds held or promised for building purposes as a result of the Special Appeal amount to £122,052. Owing to War conditions it has been necessary to postpone the proposed programme of building with the exception of the Boiler House which was urgent and which will be completed shortly.

The Contributory Scheme Fund received £1,694 and met claims amounting to £1,364. The balance of £330 was carried to the General Maintenance Account.

The gross Debt at the end of the year amounted to £213,367. Of this sum £158,680 was in respect of accumulated maintenance deficiencies and £54,687 on account of Land, Buildings and Equipment.

The Investments of the Hospital show a depreciation at the end of the year, owing to War conditions, of £6,091.

The Board, whilst appreciating the successful efforts of the whole staff of the Hospital to effect economies, must, because of the adverse balance, continue still further to reduce expenditure. They are most anxious not to have to do this to an extent which will affect the efficiency of the Hospital, *and they therefore make a most urgent appeal for gifts towards the Maintenance Fund.*

SPECIAL APPEAL

The Special Appeal Fund, inaugurated to provide for the replacement of some of the out-of-date buildings of the Hospital and the repayment of existing debt, has not, because of War conditions, made as much progress as in the two previous years. The sum of £13,244 was received. The Board look forward to a time when they can energetically pursue their efforts to achieve the objects of the Appeal which were to secure a total sum of £350,000. So far £176,900 has been obtained or promised.

BOARD OF MANAGEMENT

The lamented death of The Rt. Hon. Sir Philip Sassoon, Bart., P.C., G.B.E., C.M.G., M.P., Vice-President and Hon. Treasurer since 1922 deprived the Hospital of a great benefactor and one whose place it will be difficult to fill. The Board wish to record with sincerest gratitude the deep interest which Sir Philip took in all matters concerning the Hospital's welfare and their appreciation of his many services as Hon. Treasurer. His financial assistance was very generous and, with his cousin, Mrs. David Gubbay, he enabled nearly £33,000 to be raised for the funds of the Hospital by the ten famous Art Exhibitions arranged at his Park Lane house between 1922 and 1938

which also afforded valuable publicity to the work of "The Royal Northern." His loss will be severely felt by everyone connected with the Hospital.

The Board also record with the deepest regret the death of Sir Howell Williams, D.L., LL.D., J.P., Vice-President and Vice-Chairman of the Hospital. During his long association with "The Royal Northern" Sir Howell contributed in all £158,450. He will be remembered as the generous donor of St. David's Wing for Private Patients, as well as one who was deeply concerned about sick people and the welfare of Nurses who minister to them. His many munificent gifts and personal service *have* been of the greatest assistance to the Board, and his memory will ever be honoured in the records of the Hospital.

HONORARY MEDICAL STAFF

Sincere thanks are accorded to the Honorary Medical Staff for their unremitting care of the Patients, especially in view of the difficulties under which much of their work has been done since the outbreak of War.

Mr. Douglas G. Freshwater, M.A., M.B., M.R.C.P. has been appointed Honorary Physician (2nd) for Diseases of the Skin.

RESIDENT MEDICAL, NURSING, HOUSEKEEPING AND ADMINISTRATIVE STAFFS

It is with pleasure that the Board place on record their cordial thanks to the Resident Medical, Nursing, Housekeeping, Administrative and General Staffs, and also to the Chaplain, for their unfailing help and co-operation at all times, more especially since the outbreak of War which has often necessitated working under exceptionally difficult conditions.

GENERAL THANKS

The Board desire to extend to the following an expression of cordial thanks for their efforts on behalf of the welfare of the Hospital and its Patients :—

The Ladies' League, The Ladies' Association, The League of Roses, The British Red Cross Blood Transfusion Service, The Clergy, Ministers and Congregations of various denominations, The Donors of Gifts in kind, all Subscribers and Donors of money or Voluntary Service, The Supply Dépôt and all Working Parties who since the outbreak of War have worked continuously to provide Hospital supplies.

ROYAL CHEST HOSPITAL

530 Patients have been admitted during the year. The income amounted to £11,187, and the expenditure to £16,952.

Valuable work has been done in the treatment and investigation of diseases of the Chest and the Board express their thanks to the Honorary Medical Staff for their services to this Hospital.

GROVELANDS HOSPITAL

During the year 946 Patients have been admitted from the main Hospital, thus releasing beds for urgent cases.

The income amounted to £3,622 and the expenditure to £6,854.

The annual Fête was held in the grounds on June 17th, and the net receipts amounted to £453 11s. 3d. Sincere thanks are tendered to all who by their help contributed to its success.

RECKITT CONVALESCENT HOME

During the 8 months prior to the outbreak of War 389 patients were admitted. The Home has been reserved as a casualty section since the end of August.

The income was £2,236, and the expenditure £2,370.

MATERNITY WARDS AND THE MATERNITY NURSING ASSOCIATION. (JOINT MIDWIFERY TRAINING SCHOOL)

The following statistics indicate the work accomplished by the Association during the year:—

477 Patients were treated in the Maternity Wards.

1,137 Women were attended during confinement in their own homes.

20 Pupils were received for District training and Lectures.

11 Pupils were trained for the Examination of the Central Midwives' Board.

2 Pupils were trained for the Examination of the Central Midwives' Board (Part II).

The income of the Association was £4,047, and the expenditure was £7,260. Further details are recorded in another part of this report.

APPEAL

It appears that many people are under the impression that since the outbreak of War the Voluntary Hospitals have been financed by the Government, or have received part of War charity funds. This, however, is not the case. While the Ministry of Health have made grants towards the maintenance of the beds which, at their request, have been reserved for casualties, the Hospital has been put to very considerable expense in providing additional equipment and on account of the protection and "blacking-out" of the buildings. Also the pressure upon the beds remaining for Civilian sick has been undiminished, while the demand for Out-Patient treatment continues almost at pre-War level. The Board, therefore, appeal with the

greatest urgency for continued liberal support to enable the work and essential services of the Hospital to be maintained. It is fully realised that those who, in the past, have been generous supporters are themselves severely handicapped by present conditions, but it is felt that in spite of this, when the acute need for funds is known, helpful response will be forthcoming, even though it may involve personal sacrifice.

(Signed) BESSBOROUGH,

Chairman.

NOTE.—It is customary at most Hospitals for the recovery of patients to be provided for in the main Hospital. At the Royal Northern Hospital patients are transferred to the Grovelands Hospital at Southgate. The statistical figures of the Royal Northern Hospital alone do not, consequently, show a complete comparison with other Hospitals, and this schedule is published for the information of supporters of the Hospital, to show the result of the combination of the figures of the Grovelands Hospital with those of the two other Hospitals of the Group to which it belongs. These figures are comparable with those of other General Hospitals.

ALMONER'S REPORT FOR 1939

The Almoner's Department in the Royal Chest Hospital closed down in September when Miss Crewe was posted to Wellhouse Hospital. At the present time recommendations for after-care, including Convalescent Homes, special diets, instruments, etc., are referred to the Royal Northern Hospital Almoners' Department, but the method is cumbersome and it is to be hoped that Miss Crewe may some day return.

The following figures refer to the work done in 1939 :—

In-Patients referred for help	82
Out-Patients referred for help	155

THE DEPARTMENT OF RADIOTHERAPY

ANNUAL REPORT 1939

Owing to the outbreak of War the Department closed at the end of August but has now re-opened. The following are the figures from the commencement of the year to that date :—

		<i>High Voltage</i>	<i>Low Voltage</i>	<i>Radium</i>
1939 5,608	1,485	33

The Department has been exceedingly active in the treatment of cancer, and a large number of cases suffering from non-malignant diseases, i.e., various forms of arthritis and skin diseases have been successfully treated.

The outbreak of war seriously affected the work of this Section, but treatment is again obtainable by all forms of radiotherapy. The Light Department has been united with the Massage Department for the duration of the War.

THE LIGHT DEPARTMENT

The evening clinics were discontinued from the outbreak of war, otherwise the Department has been open as usual, and at no time have attendances dropped to so low a number as to justify closure.

Children's attendances have been seriously interfered with on account of the Evacuation Scheme and the general upheaval of war.

The number of patients was	197

PHYSIO-THERAPEUTIC DEPARTMENT

REPORT FOR 1939

The Department was kept open in spite of the war and has been well attended. The evening sessions alone were discontinued for a time, they are now proving a great advantage to many workers. The Department has also helped patients who were unable to obtain treatment from their own hospitals and centres on account of war closure.

The Pistany mud has proved too useful to be discontinued, and the new portable Short Wave Diathermy machine is a splendid investment.

The figures are as follows :—

NORTHERN TUBERCULOSIS DISPENSARY

ANNUAL REPORT, 1939

During the past year the routine work of the Dispensary has been carried on in spite of the outbreak of War. The special Clinic for school children is not at present held, but children are seen at any of the other Clinics.

Cases attending for the first time numbered 786. Contacts of Tuberculosis cases examined numbered 265, of these contacts 13 were found to be suffering from Tuberculosis.

A considerable amount of additional clerical work was entailed.

All patients who were evacuated to other areas had a report of their condition sent to the appropriate authorities as soon as possible.

All Tuberculosis cases on the Register were sent a card instructing them what to do if they changed their address.

Many patients were evacuated as a temporary measure from Hospitals and Sanatoria to their homes, all these being visited and advised as to treatment. Those requiring further Institutional treatment were subsequently returned to Hospitals or Sanatoria. In all 2,727 visits were paid to the homes of patients.

TUBERCULOSIS DISPENSARY FOR SOUTH ISLINGTON

REPORT FOR THE YEAR 1939

During the past year 490 persons attended the Dispensary for the first time, and 133 were found to be suffering from Tuberculosis. A number of cases, including some from previous years, are being kept under observation.

In accordance with arrangements made with the Ministry of Labour recruits have been and are being sent to the Dispensary by the local National Service Medical Boards for special reports.

The Contacts totalled 145, a smaller number than usual, largely due to the transfer of children to other areas under the Evacuation Scheme. Tuberculous disease was found to be present in 11 cases.

Attendances at the Dispensary totalled 4,389, some 245 less than in 1938.

Sister has paid 2,090 visits to the homes of patients, a rather larger number than in the previous year.

Miss McGoldrick has made 1,218 visits, some 166 less than in 1938. In the early days of the war she was engaged in A.R.P. duties.

The handicraft class ceased to function for a time, but work was resumed early in the year.

ROYAL CHEST HOSPITAL 'LADIES' SAMARITAN SOCIETY REPORT FOR 1939

The work of the Society continued on normal lines until War was declared at the beginning of September, when in common with other Hospitals a number of beds were reserved for possible casualties.

During the year forty-three cases were helped, only two of them after September 1st—since then the activities of the Society have almost ceased.

The Annual Subscriptions are payable in October, but the usual circular asking for them was not sent, nor was the Quarterly Meeting held in October.

A Bridge Tournament was held by Mrs. Symes-Thompson, and the sum of £16 was realised.

Through the kind interest of Lady Lister 260 eggs were received from the Bledlow Women's Institute.

Sister Sunlight's collection for the Farthing Fund has again been most successful, realising the sum of £6 1s. 7d.

The tinfoil fund and collecting boxes also did well.

Cushions and sunshades, and men's dressing gowns were purchased for the patients.

Gifts including books, silver paper, collecting boxes, linen, flower vases, eggs, bed jacket and rummage have been received from the following :—

Mrs. Moreland, Mrs. K. E. Hay, Mrs. W. Parish, Mrs. Love Montgomerie, Mrs. Symes-Thompson, Miss Connop, Miss Youell, Mrs. Stott, Mrs. Maxwell, Mrs. Courtenay Evans, Miss Dorothy Cave, Mrs. Haslar, Mr. Coles, Miss E. B. Kirby.

Mrs. Courtenay Evans has been elected a member of the Committee.

MATERNITY NURSING ASSOCIATION

In reviewing the work of the past year against its background of horrors abroad and troubled uncertainties at home, the predominant feeling is, surely, that of great thankfulness, for the worst of the possible troubles did not happen and, thanks to the steadfastness of those in charge of the mothers and children, the difficulties were surmounted. At the outset of this Report, the Maternity Council desires to place on record its great appreciation of the way in which the Matron, the Sisters and the Nursing Staff have fulfilled their duties and responded to the many additional calls made upon them.

The number of cases attended by the midwives increased to 1,137 and the Council is thankful to record that no mother's life was lost. A detailed report by the Obstetric and Gynaecological Registrar is given on page 130. It is a matter of great regret to the Council—and patients—that Mr. Nichol has since rejoined the Royal Air Force. Mr. H. M. Rees, M.B., B.S., M.M.S.A., M.R.C.O.G., has been appointed Registrar in his place.

During the autumn, four staff-midwives were called up by the Q.T.A.N.S.

Four pupils were trained for the first two Examinations of the Central Midwives Board and three passed at the first attempt. Owing to the New Rules and the shortage of candidates for Part II training, the necessity of maintaining the midwifery services sometimes with, and sometimes without pupil midwives has involved continual alteration of routine.

The registration of expectant mothers under the Government Scheme of evacuation further complicated matters and, as soon as the evacuation was over, it was necessary to arrange for the confinement at home of women who, through the closing of maternity hospitals and wards, were referred to the district services; in caring for them a very urgent need was met. Then followed the "creepy" anxiety of finding the homes of old and new patients in the "black-out," intensified later by streets of snow and ice, burst pipes and lack of heating when the homes of the patients were at last reached. In her report Matron says:—

"I should like to pay tribute to the splendid way in which all the Staff have responded to these changes, willingly doing any part of the work which is necessary for the good of the mothers and babies and sometimes going without their proper off-duty time for weeks on end.

The attendance at the clinics of the voluntary workers has been especially helpful; I should like to express our great appreciation of their valuable help and also of Mrs. Jarratt's excellent assistance in accompanying our expectant mothers on their journey to the country during the evacuation."

Mention must be made of one effect of the evacuation which has special interest for those connected with district midwifery and who are well aware of the social habits and evils engendered by long-standing slum conditions. During, and for many years after the last war, the position with regard to housing was aptly termed "frozen." M.N.A. babies—the children of men who fought then—were condemned to live under slum conditions because there was no alternative. Doubtless many of those boys and girls are now on active service themselves—and welcome members, for they take with them their Cockney heritage of unfailing humour, comradeship and tenacity in tight places. "Dogged does it" must certainly have been the motto of the mother of six, who, determined that her children should go early for evacuation, spent the day in washing and getting ready their clothes; bathed and put the children to bed; sent for the "Camden Road Nurses" at 7 p.m. and a baby brother arrived before the children left early the next morning. The evacuation brought together, for good or ill, people who were poles apart in outlook and experience, and the widespread knowledge of the evils fostered by bad housing conditions may well prove to be the decisive factor in the national effort to abolish these conditions.

Special thanks are due to the Matron who, in response to long distance night calls, conveyed the nurses from Myddelton Square by car during the "black-out"; to Mr. A. C. Knight and Mr. Tash who so kindly volunteered to do the same for the Camden Road nurses, and to Mrs. Reader who, in the dislocation of domestic staff caused by the evacuation, stepped into the breach as cook at Myddelton Square and proved an excellent substitute through the winter months.

Finsbury Borough Council.

The re-appointment of Alderman Mrs. E. Martin and Councillor Mrs. R. Curtis as representatives of the Borough Council on the Maternity Committee (Finsbury) was welcomed. During the past year, 605 attendances were made by Finsbury residents at the clinics provided by the Association and 406 home visits were paid by the midwives. The continued co-operation of the Borough Council in all matters concerning the welfare of the mothers and children is greatly valued.

Infant Welfare Centre.

A report on the work of the Centre appears on page 131; Dr. Shrubsall has kindly undertaken the Thursday afternoon clinic since Dr. Levack was called up on the outbreak of war.

The Lady Almoner reports that in face of many difficulties, forty-one mothers and fifty-six children were sent away during the year. The kindness of those who sent donations and Convalescent Home Letters to supplement the contributions of the mothers was greatly appreciated; also the invaluable assistance of the Women's Holiday Fund.

Seventy attendances were made at the dental clinics and, thanks to the help of the local Branches of the Charity Organisation Society, the necessary dentures have been supplied.

The Welfare Committee desires to offer to Mrs. Kindersley and the members of the Voluntary Workers' Guild most grateful thanks for maintaining their excellent work through the difficulties of 1939, in spite of many other calls made upon them. Mrs. Kindersley has been untiring in despatching from the town or country, materials, wool and directions, and the members have continued to send in the warm and beautifully made garments; 1,190 have been supplied and appreciated more than ever this year, when hasty preparation for evacuation had to be made. In addition to supplying stock for the Clothing Stall throughout the year, £19 5s. 5d. was raised by the Guild at the United Charities' Fair. The Committee regret to record the loss by death of Miss Biggerstaff, Mrs. Gurney and Mrs. Hill, and of Miss Hawes' long-continued help at the Centre through removal from London. Five new workers have been enrolled and there are now seventy-three members on the list.

The Thrift Club amply proved its value during the emergency in the summer, when there was a steady run upon the funds by anxious mothers, glad to be able to fall back upon their small savings.

The Committee desires to acknowledge gratefully the grant of clothing, etc., from Queen Mary's Needlework Guild through the Hon. Mrs. Yorke; the very kind help of the League of Remembrance (1914-1919) in the making of garments for the babies, and of the Polytechnic Christmas Dinner Fund in providing Christmas hampers for some of the poorest families.

So far none of the facilities for the mothers and babies through the Welfare Centre have been cut off and, with the support of those who have helped for so long, it is hoped to continue as in the past.

Maternity Department, R.N.H. and Joint Midwifery Training School.

By the opening on May 9th of the private maternity department of 7 beds in St. David's Wing, the accommodation for contributory cases in the maternity wards was

increased to 30 beds. Up to the outbreak of war, 441 patients were admitted to the wards; 3,977 attendances were made at the ante-natal clinics and 417 babies were born, including 7 sets of twins; 36 patients were admitted to the private beds.

In September the nursing staff and pupil-midwives were transferred to the country, where their training was continued, and the maternity department was closed until the end of the year. Thirty-one pupils of the Joint Training School (Guy's Hospital and the Royal Northern Hospital) entered for the three Part I Examinations held by the Central Midwives Board, and twenty-nine passed at the first attempt.

Changes on the Council. The death of Lady Savory on November 4th deprived the Maternity Council of one of its most valued members ; her long-sustained sympathy, practical help and wise counsel will be greatly missed. A bequest of £100 has been received from the Executors, and it is hoped to perpetuate the memory of Lady Savory's connection with the Association by an endowment in her name.

It was with great regret that the Council heard of the death of Lt.-Col. Story, D.S.O., who became a member in 1923 ; his keen interest and advice were greatly appreciated when the difficulty of meeting the C.M.B. requirement regarding the nursing of cases by pupil-midwives in hospital had to be faced and was eventually surmounted by an agreement with the Royal Northern Hospital.

A.R.P. The measures suggested for the air-raid protection of patients and staff at the three district Homes was approved by the local authorities and undertaken in August by the Hospital at a cost of £60 11s.

The Sale in aid of the funds usually held at Finsbury Town Hall was cancelled on account of the war, but thanks to the energetic leadership of Mrs. Idris and the friends who so kindly responded, an invitation to hold a stall at the United Charities' Christmas Fair on December 6th was accepted and the sum of £76 14s. 6d. was added to the funds.

The Council is very grateful for contributions of £106 5s. 9d. from Provincial Cinema Theatres, Ltd. ; £30 from St. Pancras Charities' Fund ; £26 13s. 4d. from the Brewers' Company ; £10 10s. from the Eleanor Palmer Charity (St. Pancras Portion) ; £10 10s. from Sutton Dwellings Trust ; £10 10s. from the Ironmongers' Company ; £10 from the Mercers' Company, and for the many gifts in kind—especially clothing, bed linen, etc., received for the patients. In view of the need for economy this year, the Report has been curtailed and lists of names omitted.

Finance. The loss of training fees, through the shortage of pupil-midwives referred to above, amounted to £1,634 and the increased expenditure on nursing salaries to £514. This has seriously affected the financial position of the Association at a time when it has to be prepared to deal with a larger number of cases under war-time conditions, and when the need of ensuring the best nursing of the wives and babies of the Service men is of increased national importance. The grant required from the General Fund of the Hospital this year is £3,213 as against £1,685 last year.

It is a matter of great regret that, at a time when the Hospital is heavily burdened owing to the war, the Association, through circumstances beyond its control, should be in the position of adding to the burden. The Council appeals most earnestly for increased help in maintaining this work which has proved of such enormous benefit to thousands of women and children. During the last six years, the lives of only three women were lost out of 6,893 mothers attended in their own homes by our midwives.

EVA G. FINCHAM,
Chairman of the Maternity Council.

REPORT ON ANTE-NATAL CLINICS, 1939

The disturbance of the machinery for the care of the sick poor of London caused by the outbreak of war threw an increased burden upon the shoulders of those responsible for domiciliary midwifery. Many expectant mothers were sent into the country and many of those who had arranged to be confined in the hospitals had to be delivered in their own homes.

The Maternity Nursing Association was ready for the emergency and has not failed in its task. It is satisfactory to report an increase in the number of cases booked compared with the previous year; 1,137 mothers were delivered, and it is gratifying to be able to report that there have been no maternal deaths this year. A statistical analysis of cases is appended.

Our very grateful thanks are due to the general practitioners whose skilful help is so readily forthcoming when necessary and, as in previous years, the Honorary Staff of the Royal Northern Hospital have given invaluable assistance in cases which have presented unusual difficulty.

To the Matron and her whole staff must be given the credit for a good year's work. Together, with the help of the Lady Almoner, they have maintained that spirit of service to the patients which inspired the Founders and is the soul of the voluntary system.

INFANT WELFARE CENTRE

Medical Officer's Report

The number of attendances for 1939 was 6,379 and 1,751 home visits were paid. During the first eight months of the year the clinic operated normally ; the attendance and the general standard of child health was good. The common infantile ailments, namely, bronchitis and gastro enteritis, were prevalent although, owing largely to the low temperature, the incidence of summer diarrhoea was decreased. Of the infectious diseases whooping cough was predominant ; there was a fair amount of chicken pox, but very little measles.

The mothers and babies sent away for convalescent and holidays benefited enormously by the good food provided in the Homes and by the change of surroundings.

The declaration of war and the evacuation of a very high proportion of the mothers led to inevitable dislocation of the work of the Centre. The majority of the mothers have now returned and, in spite of the official view, their attitude must be condoned. It was difficult for them to leave their homes in London and their husbands to fend for themselves, apart from the financial problem of maintaining two households.

A word of warm appreciation must be given to the London mothers who broke up their family life and went off—or let their children go off—to unknown destinations at a few hours' notice. Of course there was a certain amount of grumbling and dissatisfaction, but this was inevitable when the large number of persons involved in so radical a change is considered.

The Matron, the Sisters and Staff have worked marvellously under conditions of great difficulty—for instance, the “black-out”—and deserve very especial thanks.

J. R. F. SHRUBSALL, M.D., D.P.H.

MIDWIFERY TRAINING SCHOOLS

Part II.

Pupils are received for six months' training for the Second Examination of the Central Midwives Board at a fee (which includes board, lodging and instruction) of £35. A grant (reducing the fee by £20) is available through the Ministry of Health scheme for candidates intending to practise midwifery in England or Wales.

In certain cases, vacancies for free training are available and a pocket money allowance will be made during the period of training

For further information, application should be made to the Matron, 64, Myddelton Square, E.C.1.

League of the Roses

ANNUAL REPORT FOR THE YEAR 1939

FOREWORD

Looking back on the past twelve months, they will live in our memories as a period of uncertainties—hopes and fears treading close upon one another's heels, and the sure ground beneath our feet rumbling and quaking.

Wars and rumours of wars have created a feeling of insecurity and instability in all matters, small and great, however well-grounded they may be. We are thankful that though a bit shaken and upset, our League is still *standing* and doing good work—its routine may be diverted (temporarily, we trust), but still bent on justifying its existence by raising funds for the Woman's Surgical Ward, by methods new as well as old.

We congratulate the Branches on their successes, and though the sum total in cash is less than in past years, it does credit to their goodwill and ingenuity.

The stream of Special Efforts organized to raise £ s. d may have run slow or even ceased to flow, but instead much good work, costing time, thought and self-denial, has been done by the members of the Divisions in the way of material contributions to the needs of the moment. Considerable assistance to these are the many garments knitted and hand-made, the patching and mending of worn linen, etc. etc., all of which have been welcomed and appreciated by the Hospital.

The League has kept its flag flying, and will keep it, whatever 1940 may bring with it of quakings and shakings, for it is founded on good ground, in Faith, Hope and Charity, and the "greatest of these is Charity"—Charity which never faileth.

The various Branches have each a good record. The West is to be congratulated on its "big push," and Palmer's Green on the result of the Dickens' play. They seem to call for special notices, but perhaps not more than the many hidden deeds of self-denial which have gone to swell the total of the year 1939—£837 18s. 5d.

Finally, we record with regret the loss by death of some of the League's valiant workers.

M. F. ROBY,
Chairman.

Owing to the crisis in September, we are slightly down on the previous year, but we are most grateful to all members and friends for their support: To Mrs. Beales and her Ladies' Sewing Party; to generous friends for help and gifts for Grovelands Fete and Badge Distribution; also to Dr. Pond, Y.T.C. Girls' School, Miss Brown, Montem St. Girls' School and Miss M. B. Goode, of Parkhurst Road, for placing boxes with pupils and friends. Also Miss Pinnock, Upper Holloway Sisterhood, and B.I.C.A., for their support. Mrs. Maley and Miss Wood again, for highest box collections; and last, but by no means least, Mr. S. Smith and his attractive assistants, "Rex" and "Nippy."

The Chairman expresses sincere appreciation to the Committee and friends for loyal support.

<i>Chairman</i>	-	-	MISS GARRETT, 12, Highbury Crescent, N.5.
<i>Hon. Secretary</i>	-	-	MISS GRIFFITHS, 79, St. Paul's Road, N.1.

The year 1939 has brought to the East, as to all the Divisions of the League, its special drawbacks and hindrances. Whist drives have been dropped for want of players, evacuation having removed them far and wide, and our *piece de resistance*, the Bazaar and Market, held yearly at 12, Highbury Crescent, took a different shape. There was no market, but a five-days' sale of useful and ornamental goods was held. The Sale was open from 11 a.m. to 4 p.m., and so gave an opportunity to our customers to come at their convenience—a choice of days and hours. This was availed of; there was fine weather fortunately, and each day brought customers who appreciated the opportunity, buying without crush or rush. The Sale remained open into the next week, so that every opportunity was given. The result was satisfactory to the promoters, and they thank their kind friends who backed them up in their endeavour to maintain the record of Sales at 12, Highbury Crescent.

Owing to the troublous times the usual merry-making on Boxing Day was not held at the Hospital. The East Division, however, decided to give the patients in the Ward the usual little present. Each was wrapped in pink paper and red string tied it. The contents of each were, Matron and Sister said, better than ever. Miss Griffiths' skilful fingers had made some of the daintiest pincushions eyes ever beheld, one for each patient, and, in addition, there was a useful garment or wrap for each.

The East took part as usual in the General "Specials"—Emblem Day and Grovelands Fete. It also held its little Soap Stall at the presentation by H.H. the Princess Helena Victoria of bars and badges.

Many articles were made for the Hospital, for men and boys, and a number of hot-water bottles; also some two dozen large scarves for the Men's Ward. These are nice comforts for those the position of whose beds expose them to what men specially dislike—draughts.

Christmas is a happy festival, even in war-time, but if happiness is at home anywhere, there it is on St. Stephen's Day in the League of Roses Ward at the Royal Northern Hospital. Who doesn't love "a surprise"? Well, there is one for every patient, and for the donors Christmas joy indeed.

Our Box-holders have been steady and done their best, but times have been hard, and some have begged to be excused from returning the boxes at Christmas, wishing to keep them another year—so little in them.

Since our last Report one friend of long standing has gone from us—Mrs. James Andrews, who has for very many years been a supporter of the East Division. Her donation never failed to reach us, though no longer living in Highbury. She has left this world of scares and fears for—

“Where sweet Peace sits crowned and smiles,
Where grows the Flower of Peace—
The Rose that cannot wither.”—*Vaughan*.

The present from Mrs. Scheidegger's friend were very much appreciated, as were all those from various quarters, and each recipient seemed to have got “just what I wanted.”

This Division has taken on quite a new lease of life, and in spite of war conditions is carrying on well. Our list of box-holders has extended. We took our part in Flag Day and also at Grovelands. Our new members have held Whist Drives, etc., and vied good-naturedly with one another in thinking of new efforts to help fill the League coffers.

1940 is also being opened well, and monthly efforts are being arranged whenever possible. May it bring Peace for us all.

HIGHGATE DIVISION

COMMITTEE

Chairman - - MRS. BERRY, "Woodthorpe," Shepherds Hill, N.6.

MRS. ALBU.

MRS. JANSON.

This year has been a very uphill struggle to keep things going in any way, and the financial results are worse than ever.

Our only consolation is that so many other necessities have cropped up for which helpers felt bound to "do their bit"; in consequence, some of the older charities have been left to take care of themselves. Although we have done our best to maintain the Division, the result has been very poor and disappointing. Our few boxes contained less, the Bridge Club result was less (attendance falling off during latter part of year), and the Whist Drives have been very poorly attended.

We have kept the Working Party going strong, and when the need for maternity garments stopped, owing to the Ward being suspended, we all pegged away at operation stockings, and have knitted between 30 and 40 pairs. The wool was supplied by Mrs. Berry, and a further six pairs very kindly given to us by a friend, Miss Ricketts.

We have hemmed innumerable bath-towels, slings and locker cloths, etc., and helped to make the curtains for the "black-out"—all useful work, but does not help to swell the funds of our Division.

One or two subscriptions have dropped. The small amount collected is made up as follows.

Once again we publish our annual report. The result is not so satisfactory as we would wish, but with the outbreak of War several of our members were away and our activities almost ceased.

We lost a very kind friend and member with the passing of Mrs. Bradshaw, of Alexander Grove, N. She worked magnificently while she was an active member and endeared herself to all.

We are pleased to welcome another new member, Mrs. Stock, of Oakleigh Avenue, N.20.

Our grateful thanks go to Mrs. Tom Jelks, for her generous financial support and also for the woollies for the hospital wards. We do appreciate her kind interest in our work.

We also have to thank Mrs. Berry and Miss Preston for their donations, and we conclude by thanking all those who have so kindly helped us during the year in our activities.

We are very grateful to Mrs. Bartlett for her cheque for £6 5s. 6d., the contents of her Whist Players' Box.

Also to Mrs. Frank Barratt for boxes containing £5 14s. 6d.

These two amounts, with 5s. for tickets for Grovelands Fete amounted to £12 5s.

WAR TIME ECONOMY

In view of the need for special economy this year, the Annual Report has been curtailed and the list of Subscriptions and Donations omitted, but this can be seen at any time upon application to the Secretary.

LIST OF LIFE GOVERNORS

Donors of Thirty Guineas or upwards and persons collecting and paying over Fifty Guineas in one sum, in any one year, shall be Life Governors and Members of the Council.

The first-named Executor acting under a will under which a legacy of not less than £100 shall have been paid to the Hospital shall be eligible to be appointed a Life Governor.

Note.—For annual subscribers of Three guineas and upwards who are Governors, see Subscription List.

PROTECT YOUR HEALTH

At the Institutions forming the Royal Northern Group of Hospitals (as at other Hospitals) patients are now asked to pay part of the cost of their treatment according to their means. The introduction of this system has naturally led to requests for exemption from past and present supporters of the Hospital. To meet this just demand for

VALUE FOR MONEY

the Contributors' Certificate Scheme was started, by which contributors may receive Certificates in exchange for money given to or collected for the Hospital. They are of seven values, *21/-, *10/6, *5/-, 2/6, 1/-, 6d. and 3d., and are accepted at their face value towards the cost of any treatment which the Bearer may need.

SIX REASONS WHY **YOU** SHOULD CO-OPERATE

- ONE :** You will help the Hospital, and at the same time **HELP YOURSELF.**
- TWO :** The Certificates will be accepted as payment at any of the Hospitals of the Royal Northern Group, at the Mildmay Memorial Hospital or the Hornsey Central Hospital.
- THREE :** They will help to provide you with medical and surgical appliances, dentures, etc., if needed in connection with your treatment.
- FOUR :** They are valid for Ten Years (those marked with a * are valid for 20 years), and will therefore help you to make provision against a rainy day.
- FIVE :** They can be passed on for use by your friends, so that you will be in a position to lend a helping hand in time of sickness.
- SIX :** They afford you a simple method of giving a small but regular amount to the Hospital, and provide you with tangible advantages in exchange.

Further particulars of this interesting and beneficial scheme can be obtained from The Secretary, Royal Northern Hospital, Holloway Road, N.7.
